Subject: American Iron and Steel, Buy America, and Buy American Compliance

ThermOmegaTech, Inc. certifies that our line of Circuit Solver products (to include CS with ProPress Ends, Thermometer, Strainer, Sanitary Flush, Union, and Assembly) are fully compliant with the following United States' government provisions,

Environmental Protection Agency (EPA):

- American Iron and Steel Requirement, expanded through America's Water Infrastructure Act (AWIA) Sec. 2022 (2018)
- Buy America Act, expanded through Congress's Infrastructure Investment and Jobs Act, P.L. 117-58 (2021)

Department of Defense (DoD):

- Buy American Act, expanded through Executive Order 14005 and supported by Federal Acquisition Regulatory (FAR) Council Final Rule 87 Fed. Reg. 12780 (2022)

The manufacturing process for the Circuit Solvers takes place onsite at our Warminster, PA facility.

If changes regarding ThermOmegaTech's compliance to any of these provisions occurs, this letter will be amended accordingly.

A handwritten signature in blue ink, appearing to read "Fred Guevara", with a long horizontal flourish extending to the right.
